

KATIE-JEYN ROMEYN

SPEAKER | AUTHOR | COACH

Award-Winning Executive and Best-Selling Author, Katie-Jeyn Romeyn is a Career Acceleration Expert.

She works with CEOs, Executives and Ambitious Leaders privately and in group trainings to fast track their career and business success. Known as a 'disruptor' she is well regarded for shaking things up so her clients progress rapidly rather than remain dormant in their various stages of success.

No stranger to adversity, Katie-Jeyn's rapid rise up the corporate ladder had humble beginnings starting from the front desk of the mine (with no qualifications) in an isolated country town, Roxby Downs, South Australia to securing her first executive role at an ASX-listed resources company within just 10 years. She achieved this, despite having a debilitating case of Crohn's disease including 9 surgeries in 11 months which taught her compassion, responsibility, grit and above all else, resilience.

And, the work that Katie-Jeyn led for the 5 years beyond that won multiple business and industry awards including Employer-of-Choice. And St Barbara continues to win awards well after she has gone.

Katie-Jeyn credits her rapid corporate rise and becoming an Award-Winning Executive to the implementation of her Career Success Formula™ which she now shares with her corporate and operational clients who are also having extraordinary success. Their results are profound.

Katie-Jeyn is continuously inspired to create positive changes in the corporate and operational environment through individual and corporate initiatives, all of which create success for everyone.

Bringing a wealth of corporate and operational experience, Katie-Jeyn shares with audiences:
